Ames, Iowa, 50011

FLEX YOUR CYBERSECURITY STRENGTH

Iowa State University and the Iowa National Guard will once again host the International Cybersecurity Exercise with collegiate students in Kosovo.

The exercise will be made up of several high schools and community colleges across Iowa and the USA, collegiate teams from ISU, and several institutions in Kosovo. Students will play in their home country with the technical support of the Guard and Iowa State.

Students will design and build their team's defense network and defend against active adversaries all in a real-time, safe, virtual environment.
