Do your students have a passion for IT?

SIGN UP FOR
INNOVATE-IT

Game Design

Cyber Defense

IT is a fast growing field. Give high school students the opportunity to get excited about information technology through Innovate-IT!

With hands-on, inquiry-based learning, students can explore the two venues: game design and cyber defense.

And, at the end of the year, join us for IT-Showcase, where students can participate in the Game Design Challenge and the Cyber Defense Challenge.
